Sponsorship Package

- Are you interested in supporting conservation efforts in Ontario?
- Are you setting an example or helping lead the way in invasive species and/or ecosystem management?
- Are you looking for a forum to share and learn about invasive species/conservation strategies and approaches?
- Are you interested in connecting with other practitioners?

BECOME A SPONSOR NOW!

This year, the Ontario Invasive Plant Council (OIPC) is hosting our Invasive Plant Conference and Annual General Meeting in Ottawa Ontario. The focus of this year's event is *Canada 150 & OIPC 10: Success, Milestones and the Future of Invasive Plant Management in Ontario*. This event will bring together up to 200 conservation practitioners and interested laypeople from across Ontario to connect with those working in the field of invasive plants and to stay up-to-date on exciting new projects and accomplishments.

As a sponsor, you will have access to conference participants, have your name and logo promoted throughout the event and be included in the proceedings.

About the Ontario Invasive Plant Council

The Ontario Invasive Plant Council is a not-for-profit organization, dedicated to the collaboration and coordination of government agencies, citizens, NGOs, academia, First Nations and industry partners in their work to prevent the introduction and spread of invasive plant species. The OIPC provides leadership, expertise, and a forum to engage and share information on invasive plant species in Ontario.
